Here is a proof of the ad to run. Please check the appropriate box and fax back to me. The corrections did add a little to the ads. To run in the Record Courier the cost is \$176.50; Nevada Appeal the cost is \$287.88.

_____ ad is ok as is.

☒ ad is ok with attached corrections

Thank you,
Vicki Crump

Vicki,
I'd like to run the ads this Friday, August 6th. I'll call tomorrow to verify.
Thanks - Eric Byous

**PUBLIC NOTICE OF INTENT TO ISSUE AN
UNDERGROUND INJECTION CONTROL
(UIC) CLASS V PERMIT FOR PINEVIEW
SUBDIVISION**

PURPOSE OF PUBLIC NOTICE

The purpose of the public notice is to solicit public comments on the proposal by the United States Environmental Protection Agency (EPA) to issue a UIC permit to inject fluids underground through two (2) Class V injection wells. The permit is for PTP, Incorporated (injection well operator) and Leon Mark Kizer (landowner).

PTP, Incorporated
PO Box 188
Minden, NV 89423

Leon Mark Kizer
c/o Bureau of Indian Affairs
Western Nevada Agency
311 E. Washington Street
Carson City, NV 89701

The Draft Permit only allows the injection of treated sanitary waste produced at the homes within Pineview Subdivision, which is located on 149 N. Highway 395, Gardnerville, NV 89410.

The proposed wells will inject treated sanitary waste four (4) to five (5) feet underground through a subsurface wastewater infiltration system (commonly known as a drainfield). Based on the review of the proposed well construction modifications, operation and maintenance standards, monitoring requirements, and the existing geologic setting, it is believed that such a proposed injection operation is protective of Underground Sources of Drinking Water as required under the Safe Drinking Water Act.

*just a
close-parenthesis
needs to be added*

EPA has made a preliminary determination to approve this permit application. This action is being taken as provided by Part C of the Safe Drinking Water Act and pursuant to Title 40 of the Code of Federal Regulations (CFR) Parts 124, 144, 146, and 147.

PUBLIC COMMENTS

All non-proprietary data submitted by the applicant, as well as the Draft Permit are contained in the Administrative Record for this proposed injection well. This information is available for public inspection at the location listed below:

misspelling

The Draft Permit and Fact Sheet are also available online at
<http://www.epa.gov/region9/water/underground/inj>

<http://www.epa.gov/regions/water/underground/pineview.html>. Comments are encouraged and will be accepted in writing (email is acceptable), at the San Francisco office for a period of **30 days** after publication of this notice. A community workshop can be requested to provide an opportunity for the public to ask questions on the proposed permit. In addition, a public hearing can be requested to provide written and/or verbal comments concerning the proposed permit. A request for a community workshop and/or public hearing must be made in writing (email is acceptable) to Eric Byous within a period of **30 days** of this notice. The request should state the nature of the issues proposed to be raised. **A COMMUNITY WORKSHOP AND/OR PUBLIC HEARING WILL BE HELD ONLY IF SIGNIFICANT INTEREST IS SHOWN OR IF THERE IS A NEED TO CLARIFY ISSUES.**

FINAL PERMIT DECISION AND APPEALS PROCESS

After the close of the public comment period, EPA will issue a response to comments, a final permit decision, and will notify all commenters regarding this decision. The final decision shall be to either Issue or Deny the permit. The final decision shall become effective thirty (30) days after the close of the public comment period, unless no commenters request a substantial change in the Draft Permit and no substantial changes are made from the Draft Permit to the Final Permit, in which case the permit shall become effective immediately upon issuance. Within thirty (30) days after the final permit decision has been issued, any person who filed comments on the Draft Permit, participated in the Public Hearing, or takes issue with any changes in the Draft Permit, may petition the Director to review the permit decision. Comments are referred to 40 CFR Sections 124.15 through 124.20 for procedural requirements of the appeal process.

Here is a proof of the ad to run.. To run one week (which is Wed. 7/28 and Fri. 7/30) in the Record Courier the cost would be \$303.44. to run on a Sat. and a Sun. in the Nevada Appeal the cost would be \$528.74, or to run in the Appeal on the Same Wed. and Fri. as the Record Courier the cost would be \$506.92. It would be very costly to run this size of an ad for an entire week in the Nevada Appeal. Please check the appropriate box and fax back to me, and let me know if you need more price information.

COMMENTS:

Good Morning Vicki,

I put in some revisions and circled the edited areas so you could change your proof w/o having to re-type the whole thing. We would tentatively like to run the ad in the Legal section of both the Carson City Nevada Appeal and Minden Record Courier on Wednesday, August 4, 2004. I would like a cost estimate for the two papers for that day so I can prepare the payment and I'll call you on Monday, August 2 (two days lead time, per your request) with our final decision to run the ad.

Thanks! Eric
